

330 kVA Generator Set

NEW

330 kVA | 2026 | Diesel | Istanbul, TR

Technical specifications

Standby power	330 kVA / 271 kW	Frequency	50 Hz
Prime power	300 kVA	Phase	3-phase
Condition	New	Noise level	68 dB(A) @ 7 m
Year built	2026	Enclosure	Silent canopy
Engine	P126TI II	Control panel	Datakom D300
Alternator	Stamford	Fuel tank	450 L
Fuel	Diesel	Weight	2,165 kg
Fuel consumption	31.3 L/h at 75% load	Dimensions (LxWxH)	4100 x 1200 x 1930 mm
Voltage	400 V	Location	Istanbul, TR

Equipment

Control Panel - Emergency Stop - Lifting Lugs - Fuel Level Indicator - Fuel Tank - Battery - Battery Charger - Coolant Heater - Circuit Breaker - ATS - AVR

Description

The Doosan P126TI II 330 kVA generator set pairs a Doosan P126TI II diesel engine with a Stamford alternator in a silent enclosure, controlled by a Datakom D300 panel with ATS, AVR and emergency stop. Built in 2019, it delivers 330 kVA standby power on 400 V, 50 Hz, 3-phase output, with a 450 L fuel tank and consumption of 31.3 L/h at 75% load.
