SPECIFICATION SHEET

66 kVA Used Generator Set

USED 66 kVA | 1997 | Diesel | Istanbul, TR

Technical specifications

Brand	**Perkins**	Voltage	**480 V**
Standby power	**66 kVA / 59 kW**	Frequency	**50 Hz**
Prime power	**59 kVA**	Phase	**3-phase**
Condition	**Used**	Enclosure	**Silent canopy**
Year built	**1997**	Control panel	**Datakom D200**
Operating hours	**374**	Fuel tank	**80 L**
Engine	**1103A-33TG1**	Weight	**750 kg**
Alternator	**Mecc Alte ECP**	Dimensions (LxWxH)	**2102 x 1026 x 1290 mm**
Fuel	**Diesel**	Serial number	**12548**
Fuel consumption	**9.9 L/h at 75% prime load**	Location	**Istanbul, TR**

Equipment

Water Cooled Diesel Engine - Radiator With Mechanical Fan - Electric Starter And Charge Alternator - Starting Battery With Rack And Cables - Engine Coolant Heater - Static Battery Charger - Block Heater - Protective Grille - Industrial Exhaust Silencer - Base Frame With Integral Fuel Tank - Anti-Vibration Isolators

Description

66 kVA, 3-phase 480 V / 50 Hz generator set with a Perkins 1103A-33TG1 engine and Mecc Alte ECP alternator, supplied in an acoustic canopy with Datakom D200 control module and static battery charger.
